At

## Maine College of Health Professions

Annual Report

2022-2023

“I learned a lot about how we are similar and can work together.”

“A really great way to make us really grasp the social determinants of health.”

“I think this course was helpful and made me aware of situations.”

“It really made everyone think outside the box and appreciate other people’s points of view.”

*We enrich lives by enriching collaboration on the healthcare team.*

## Mission and Charge

### Mission

The Gould Center’s mission is to positively influence patient care, patient outcomes, and healthcare professionals’ work experiences to reduce errors in healthcare and promote the highest outcomes. We provide interprofessional education experiences that allow students to

- Consider interprofessional values and ethics as a foundation of their practice,
- Evaluate a variety of healthcare team members’ roles and responsibilities,
- Model effective interprofessional communication skills,
- And develop skills to work effectively as members of the healthcare team.

### Charge

Positively influence patient care, patient outcomes, and healthcare professionals’ work experiences to reduce error in healthcare and promote the highest outcomes. The IPE Team’s work contributes to fulfillment of MCHP’s Mission and Strategic Plan.

## Academic Year 2022-2023

### IPE Activity Knowledge Domains

Factual	The basic elements a student must know to be acquainted with a discipline or solve problems in it.
Conceptual	The interrelationships among the basic elements within a large structure that enable them to function together.
Procedural	How to do something, methods of inquiry, and criteria for using skills, algorithms, techniques, and methods.
Metacognitive	Knowledge of cognition in general as well as awareness and knowledge of one’s own cognition.

## 2022-2023 Academic Year Projections – Results

Activity	Results	Plan
Second-year students self-select and schedule IPE	Positive student feedback	Continue
Pilot: Correctional Healthcare IPE session	Did not run. Windham Correctional contact not available due to staffing shortages.	TBD
Pilot: Generative Knowledge Interviewing IPE session	Did not run. Additional training would be needed for the IPE Team.	TBD
New IPE Honors Requirements	Positive student feedback; anticipate 2 IPE honors students this year	Continue

## New this year

1. Pleasant Street Drop-In Center – Foot care clinic
2. International IPE – Diabetes case study with the University of Nottingham, UK
3. Evaluations of the IPE Team/IPE activities – [W\(e\) Learn Interprofessional Program Assessment](#)
4. Collaborate with Auburn Fire & Rescue and Androscoggin Home Healthcare + Hospice on Physicians Orders for Live-Sustaining Treatment (POLST)
