## The role of the Student Success Coach includes, but is not limited to, the following:

- **Personalized Support: The coach works closely with students to understand their academic goals, challenges, and aspirations. Through personalized meetings and guidance, the Coach helps students navigate their academic pathway more effectively.**
- **Academic Guidance: The coach provides the necessary support and resources to help students to excel academically. For example: The coach helps students to develop test taking strategies, improve time management skills, and/or provides resources (or tutoring) that helps to facilitate a deeper understanding of course material.**
- **Career Development: Beyond academics, the coach assists students with a personal exploration of career opportunities. The coach provides guidance on internships, networking, and preparing for the transition from student to professional nurse.**
- **Wellness and Balance: Recognizing the demands of nursing education, the coach emphasizes the importance of self-care and maintaining a healthy work-life balance. The coach offers strategies to help students manage stress and stay motivated to achieve their academic goals.**
- **Advocacy and Resources: The coach serves as a student advocate; connecting students with support services and access to additional community resources.**

**The Student Success Coach position is a testament to our commitment to student success and well-being. We believe that with this dedicated support, students are better equipped to achieve their academic and professional goals.**
